

Logo- Hand Rendered.

\*BG is 669999 but at a 40% opacity...

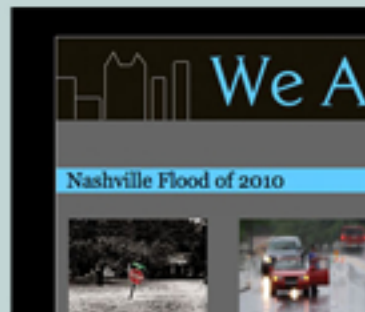

006699

fdfde8

\*I want this to look like my signature.

These are the zoomed in and cropped versions of the images I am using. These 4 previews will be the ones on my home page.

Header 1.

Same colors...font is called Bembo Titling MT Std.

It's not a system font to this will have to be an image. The rest of the fonts need to be sans serif: Verdana (this font).

Fonts and links.

Content font <p> will be verdana. Sizes between 16-20. Color to be 333333 (this color). Links... to be the same blue as in logo. When active it is the yellow. Then when back on home page, links that have been visited will be underlined, but still be blue again.
